### 1. About Kilimo Trust:

Kilimo Trust (KT) is an independent Regional agricultural development organization - working on agriculture for development across the EAC Region. It is registered in the Republic of Uganda, and it implements projects across all EAC Partner States. The core business of KT is to support the transformation of food and nutrition security in the EAC Region away from high-risk subsistence farming into lower risk trade-based systems.

With a grant from Alliance for a Green Revolution in Africa (AGRA), Kilimo Trust is implementing a Three-year project titled Enhancing Access to Market for Inclusive Agricultural Transformation (EAMIAT). This project focuses on strengthening the Maize, Beans, and Rice value chains by reducing post-harvest losses and improving quality and standards.
